## Tips for a Great Semester!

- Seek out faculty mentors
- Practice good time management
- Stay organized
- Utilize your resources
- Stay ahead of due dates

Throughout 2022, Jacksonville State University experienced exponential partnership growth, particularly throughout Northeast Alabama. Eligible full-time and part-time employees who work for these organizations can receive up to a 25% tuition discount.

# Hello January!

## Graduate Faculty Spotlight

### DR. ALESSANDRA JEROLLEMAN

Dr. Alessandra Jerolleman is an Associate Professor and Director of the Doctoral Program in Emergency Management in JSU's Department of Emergency Management. She is a community resilience specialist and applied researcher at the Lowland Center, as well as a co-founder of Hazard Resilience, a United States based consultancy providing leadership and expertise in disaster recovery, risk deduction, and hazard policy.

In 2019, she published a book titled: *Disaster Recovery through the Lens of Justice*, and recently released a follow up edited volume *Justice, Equity, and Emergency Management*. Dr. Jerolleman is one of the founders of the Natural Hazard Mitigation Association (NHMA) and served as its Executive Director for seven years.

She is a subject matter expert in climate adaptation, hazard mitigation, disaster recovery, and resilience with a long history of working with the public, private, and nonprofit sectors; as well as tribal nations. Dr. Jerolleman speaks on many topics including: Just Recovery; hazard mitigation and climate change; campus planning; threat, hazard, and vulnerability assessments; hazard mitigation planning; protecting children in disasters; and, public/private partnerships.

## Emergency Management (MS, DSc, and Graduate Certificate)

Emergency Management is a body of knowledge that focuses on the application of science, technology, planning, and management to deal with extreme events that injure or kill large numbers of people, do extensive damage to property, and disrupt community life.

At JSU, you can pursue a Master of Science, Doctor of Science, or Graduate Certificate in Emergency Management. JSU also offers a Master's of Public Administration with a concentration in Emergency Management. To learn more about the Emergency Management Department visit [www.jsu.edu/emergency-management](http://www.jsu.edu/emergency-management).
